

Ask us about the
Patient Portal

**With the Patient Portal, you will
have access to:**

- **Appointments**
 - keep track of appointments
- **Education**
 - receive educational materials
- **Messages**
 - save time on phone calls- send & receive messages from staff about non-emergent issues including referrals, medication, and more!
- **Demographic Information**
 - update demographic information

How do I get web-enabled?

To gain access to our secure server and become web-enabled, simply sign up by providing us with a personal (non-work) e-mail address.

You will then be able to securely log in with your username and password, and gain access to your personal health record and other helpful features from any computer or smartphone with an internet connection.

For Apple or Android devices, you can also download the Healow App to access your medical records on the go!*

1. Download the app
2. Enter practice code IFAHAA
3. Enter portal username and password

*you must first sign up for the portal with a valid email address to have access to your records via the app.

The Patient Portal is not intended for use in emergencies. If you require urgent or immediate medical care, call 911.
